

LENCO®

# NEXT LEVEL PERFORMANCE

## OUR VISION IN EXECUTION

WHETHER YOU ARE AN ARCHITECT, CONTRACTOR OR MECHANIC: EVERYONE WANTS TO GO TO THE NEXT LEVEL. THE LEVEL THAT LIES SOME DISTANCE AWAY BECKONS, AND IS NOT EVEN UNATTAINABLE. ONLY: YOU DON'T JUST GET THERE. IT TAKES MORE THAN THAT.

With the right, stylish applications and service in functional blinds, Lenco takes climate control for objects to next level. We do this with durable **slats, awnings, slide frames** and z and accompanying controls of the highest quality. Functional and aesthetic applications that give every project that extra push to the next level. You can also count on our expertise in **service and maintenance** for proper aftercare.

# NEXT LEVEL PERFORMANCE

Design that takes your project to the next level

# THE PARTNER IN SUN PROTECTION

THE ADDED VALUE OF LENCO®

WE DO EVERYTHING WE CAN TO TAKE YOUR FACADE OR PROJECT TO NEXT LEVEL. WE DO SO BY PROVIDING SERVICE AND QUALITY THAT IS DISTINCTIVE, KNOWLEDGEABLE AND RELIABLE.

By applying our experience, expertise and professional knowledge where necessary, we are a professional partner for property managers. No failure or problem is too small, we will help you with any system and any associated control. Your multi-year maintenance plan (MAYOP) becomes transparent and you have live insight into your systems through the free Lenco® portal. Plus points that ensure that clients really get ahead and save costs (TCO). Additional pluses: we are always accessible and also provide brand-independent service throughout the Netherlands.

# CAPITAL®

## ALUMINUM SLATS, CANOPIES AND SLAT WALLS

CAPITAL REPRESENTS GREATNESS, CAPITAL AND AUTHORITY. WITH OUR CAPITAL COLLECTION, WE GIVE AUTHORITY TO A FACADE THROUGH THE MOST IMPRESSIVE, ALUMINUM SOLUTIONS. MAKE THE FACADE THE CAPITAL OF THE BUILDING AND LIFT THE WHOLE TO A HIGHER LEVEL.

The Capital® collection consists of the systems slats, canopies and slat walls. The aluminum slats in this collection can be placed in various predetermined positions or applied movably. In addition to the slat, the end caps and method of suspension are of added value to achieve the desired aesthetic result.

# SEMBLANCE®

## WOODEN SLATS, CANOPIES AND SLAT WALLS

SEMBLANCE STANDS FOR RESEMBLANCE, FORM OR APPEARANCE. WITH SEMBLANCE WE GIVE CREATION TO THE MOST BEAUTIFUL CLADDING IN WOOD, WITH PRACTICAL AND SUSTAINABLE APPLICATIONS.

The Semblance® collection includes wood slats, canopies and slat walls. Systems that beautifully, ethically define the face of a facade. A collection full of elegance with ellipse, cubic or trapezoid shaped slats.

SLIDING AND FOLDING SYSTEMS

# TRANSIT®

## SLIDING AND FOLDING SYSTEMS

TRANSIT STANDS FOR "TRANSFORMATION". AFTER ALL, OUR TRANSIT COLLECTION TRANSFORMS A FACADE. THE TRANSIT COLLECTION IS INDISPENSABLE IN CONTROLLING AN INDOOR CLIMATE.

The world as inspiration, the city as canvas, the building as the object of practical implementation. Transitis a unique and luxurious form of shading, aesthetically maintaining even the accessibility of the glassareas for washing. The sliding and folding systems from the Transit collection are available in manual orelectrically operated versions. The slats within the frame are available in wood and aluminium.

# TRANSIT®

## SLIDING AND FOLDING SYSTEMS

=====

A FITTING INTERPLAY OF LINES WITHIN AN OFTEN SLEEK DESIGN.  
THE VIBRANT VIBE OF A MODERN METROPOLIS. THAT IS THE  
SLIDING AND FOLDING SYSTEMS FROM TRANSIT.

Sliding and folding systems are dynamic and multifunctional. They provide shading, light control, draught protection and privacy. These inspiring systems ‘transform’ a façade into a contemporary whole.

The sliding and folding systems in the Transit collection are available in manual or electric versions, with electric operation. The frame of a sliding and folding system is made of steel, aluminium or wood, steel, aluminium or wood. The slats within the frame are available in wood and aluminium. So there therefore always a suitable sliding and folding system available, both for a specific design and a personal solution.

# SKYLINE®

## UNIQUE WAVY CURTAIN SYSTEMS

ICONIC BUILDINGS CREATE THE SKYLINES OF THE WORLD'S MOST FAMOUS CITIES. ARCHITECTURAL MASTERPIECES THAT CAPTURE OUR IMAGINATION AND ARE ETCHED IN HISTORY BOOKS. THESE FAMOUS BUILDINGS SERVE AS TESTAMENTS TO HUMAN CREATIVITY, RESILIENCE AND CULTURAL HERITAGE.

Think Paris, think New York, think Tokyo or think Rotterdam. The world as inspiration, the Skyline as a canvas, the building as a functional object for breathtaking design. The Skyline collection consists of PVC and metal mesh curtains for indoor and outdoor use.

# VERANO®

MAKE THIS YOUR MOMENT

DISCOVER BLINDS SOLUTIONS TO MAKE ANY HOUSE A HOME. A SAFE, COMFORTABLE HOME IN WHICH ONE CAN BE ONESELF EVERY MOMENT OF THE DAY.

Verano is here for the home, as well as the business customer. With different types of blinds, there is the right solution for everyone's needs. Verano's awnings create shaded areas, keep a home or office cool and give the interior the "finishing touch. In addition, blinds increase privacy and optimize energy savings.

# ZIPSCREENS

## EFFECTIVE SUN PROTECTION

THE SOLAR CONTROL FABRIC OF ZIPSCREENS BLOCKS HEAT AND GLARE FROM THE SUN. THAT WAY, YOU WILL NEVER HAVE TO DEAL WITH ANNOYING GLARE ON THE SCREEN AGAIN.

In addition, zipscreens provide more privacy in any home or commercial building without losing visibility to the outside. Because of the integrated fabric guide in the side guide, zipscreens prevent gaps between the fabric and frame. That way, no insects or pollen get in. You can also opt for a sustainable variant, thanks to the solar motor you easily operate the zipscreens using solar energy.

[illegible]

Awnings are a very effective product in protecting against harmful ultraviolet radiation. The sunscreen fabric blocks on average between 90 and 99% of UV rays. Installing drop-screens in front of windows makes it easier to regulate the temperature in a room in summer. This reduces the need for air conditioning and saves you a lot on your energy bill.

# WINDOW DECORATION

## LIGHT-REGULATING FUNCTION

---

ONE OF THE MOST IMPORTANT FEATURES OF WINDOW COVERINGS IS BLOCKING INCIDENT SUNLIGHT. IN ADDITION, WINDOW DECORATIONS ARE ALSO ONE OF THE BIGGEST MOOD SETTERS IN AN INTERIOR.

The possibilities for decorating or covering windows are endless. In fact, you can choose from blinds, roller blinds, pleated blinds, folding blinds or slats. Whatever you are looking for, Lenco offers a suitable solution.
